

Sirsa-Titanium™ Titanium Heat Exchanger

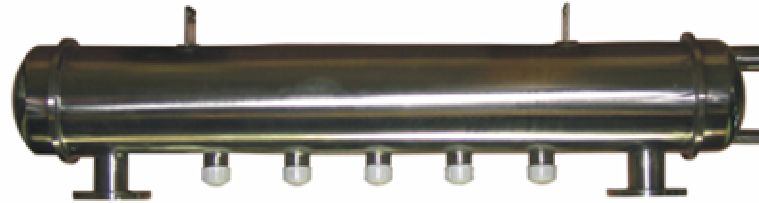

Sirsa-Titanio® designs and builds the most durable and reliable Titanium heat exchanger in the fishing industry

We have more than 1000 units installed, sizes ranging from 3 to 500 TRH in applications World Wide. Our units are instrumental in the production of over 2.5 billion pounds of sea food per year in the fisheries like Tuna, Sardines, Mackerel, Salmon, Lobster and others.

We warranty our heat exchangers against any defective material, manufacturing or design for 5 years from delivery. We do however expect a lifetime of service from our products

High efficiency and reliable operation under the most extreme working conditions.

Affordable Quality that no one can beat!
